## **\*\*Measurements\*\***

Cherry Cobbler: 4 1/4 x 11 score at 5 1/2, 3 1/2 x 4 1/2 (panel)  
Basic White: 3 3/4 x 4 1/4, 3 3/4 x 5 (inside), scraps for die-cutting and stamping  
Designer Series Paper: 1 1/8 x 5 (3)  
Flirty Flamingo: 4 x 5 1/4 (inside), scraps for die-cutting  
Real Red: scraps for die-cutting

## **\*\*Instructions\*\***

1. Fold Cherry Cobbler cardstock in half at the score line to create the card base.
2. Using Multipurpose Liquid Glue, adhere the three Designer Series Paper to the card base and set aside.
3. Stamp the mailbox and letters using Tuxedo Memento™ Black Ink on a scrap piece of Basic White card stock and die-cut using the Sending Love dies.
4. Using Light Pecan Pie Stampin' Blends for the post and the Dark Pecan Pie Stampin' Blends for the top and support beam.
5. Color the mailbox with the Light Smoky Slate Stampin' Blends and Real Red Stampin' Blends for the flag. For the grass, color with Dark Old Olive Stampin' Blends.
6. Using the Dark Real Red Stampin' Blend pointed tip, trace around the lines and color in with the Light Real Red Stampin' Blend. Do this with the other letter using Flirty Flamingo Stampin' blends.
7. On a scrap piece of Real Red card stock, apply some Wink of Stella Clear Glitter Brush (to give it a glittery effect). Die-cut using the cluster of heart-die (Sending Love Dies). Do the same for the Flirty Flamingo card stock. Take the medium side hearts and adhere to the letters.
8. Stamp the sentiment in Cherry Cobbler in the lower right hand of the Basic White card stock.
9. Adhere the Basic White card stock to the Cherry Cobbler card stock.
10. Adhere the mailbox image and one letter. Pop up the other letter using a mini Stampin' Dimensional™
11. Adhere the other hearts.
12. Adhere Stampin' Dimensionals™ to the back of the panel and adhere to the card base.
13. For the inside - adhere Basic White card stock to the Flirty Flamingo card stock. Adhere the two large hearts in the corner.
